MOTO COLLECTION

Once upon a time...

C'era una volta...

Motocross, from those days our sport, our passion, our life.

The Riders, they are the heroes who have inspired us.

Motocross, da quei giorni il nostro sport, la nostra passione, la nostra vita.

I Piloti, loro sono gli eroi che ci hanno ispirato.

ARMADILL'S HOUSE

December 2013

... the project has become reality.

... il progetto è diventato realtà.

Welcome now to the first Korax catalog.

Benvenuti ora nel primo catalogo Korax.

DREAM IT - BELIEVE IT

DO IT!

Why Korax?

ARMADILLO'S EVOLUTION

One of the few animals in the world with a natural protection, a real armor, the armadillo is also one of the symbols of Texas, birthplace of the action sports KORAX brand.

Those are the reasons why the armadillo was chosen to identify KORAX.

Uno dei pochi animali al mondo dotato di una protezione naturale, una vera e propria corazza, l'armadillo è anche uno dei simboli del Texas, luogo di nascita del action sports brand KORAX.

Ecco i motivi per cui l'armadillo è stato scelto per identificare KORAX.

CORAZZA → CORAZ → KORAX

(In italian the word "corazza" means armor)

From: "Armadillo Tolypeutes Matus" (latin scientific name)

"full protection"

To: "Armadillo Tolypeutes Korax Racing" (sports action spot name)

THE PROJECT

When we decided to create Korax, we knew not everything should have been easy. But we also knew that should have been a great and thrilling adventure to which we could not give up.

Invent, study, create and develop performance and innovative products devoted to a sport, the motocross and the off-road in moto in general, has so become our goal, our mission.

Mission supported by an infinite passion for the races, for the world of racing, and by the admiration for those heroes, the riders, giving all to pursuit their goal, to win!

Collaborate therefore with athletes and people so determined, with the aim of improving our products, is the way to combine our experience and creativity with the will to propose products putting the riders in the best condition to race.

To win is their task.

Put them in condition to do it with comfort and style is our task!

DREAM IT - BELIEVE IT DO IT!

IL PROGETTO

Quando abbiamo deciso di creare Korax, sapevamo che non tutto sarebbe stato semplice.

Ma sapevamo anche che sarebbe stata una grande ed avvincente avventura a cui non potevamo rinunciare.

Inventare, studiare, creare e sviluppare prodotti performanti e innovativi dedicati ad uno sport, il motocross e l'off-road in moto in generale, è così diventato il nostro obiettivo, la nostra missione.

Missione sostenuta da una passione infinita per le gare, per il mondo delle corse, e dall'ammirazione per quegli eroi, i piloti, che danno tutto per perseguire il loro obiettivo, vincere!

Collaborare dunque con atleti e persone così determinate, con lo scopo di migliorare i nostri prodotti, è il modo per affiancare alla nostra esperienza e creatività, la volontà di proporre prodotti che mettano i piloti nella condizione migliore per competere.

Vincere è compito loro.

Metterli in condizioni di farlo con confort e stile è compito nostro!

TOP GUN RACING ACTION WEAR

Top Gun Racing nasce nel 1991 ed è oggi il dipartimento interno della EDWorld che si occupa di tutto quanto è personalizzazione. Da articoli molto tecnici sviluppati su misura come i gilet media usati nel mondiale motocross dalla Youth Stream ed utilizzati dai migliori fotografi e giornalisti MXGP del mondo, ad ogni tipo di indumento ed accessorio. L'ampissima gamma di articoli personalizzabili va infatti dai cappellini alle t-shirts, dalle polo alle camicie su misura e giacche di ogni tipo, passando per felpe in svariatissimi modelli per arrivare a pantaloni e shorts creati ad hoc per le esigenze di meccanici e persone che calcano le piste. È proprio infatti da questa base di prodotti che sono state sviluppate le collezioni usate da numerosi team come per esempio quella creata per il team Honda Jtech nel mondiale MX.

Siamo in grado di fornirvi una infinita gamma di capi di abbigliamento, zaini, borse ed altro ancora e personalizzarvi con ogni tipo di soluzione, dai ricami alle patches, dalla stampa in sublimatico o a transfer sino alla serigrafia.
